

## Annual Reviews Have Your Say

Local authorities must ensure that children, their parents and young people are involved in discussions and decisions about their individual support and about local provision.

LB Bromley are currently exploring ways in which we can improve the annual review process and would like you to ask your views on what is currently working well and where improvements can be made.

In partnership with our engagement partner, Your Voice Health and Social Care (YVHSC), we would like to invite you to participate in a focus group via Zoom to share your views.

### **Annual Review Focus Group**

Time: May 11, 2021 10:00 – 11am

The Local Authority would also like to create opportunities for all ages of children and young people with SEND and their families to take part in decisions about their future and support needs through the annual review process. We are therefore creating a termly information session to invite parents whose child/young person has received a finalised plan to increase understanding of Annual Reviews.

We would also like to invite you to join a 'taster' parent information session on the Annual Review process and provide your feedback.

### **Annual Review Taster Information session**

May 20, 2021 10:00 – 11.00am
